**From the President's Corner**

I have jokingly said recently that my "reign of terror" with the guild will soon be ending. But, honestly, being president for the past two years has been an awesome experience.

*Awesome* because I have been able to be an integral part of a growing organization that continues to grow with each jury process.

*Awesome* because there is a hard-working executive board that has been faithful in attending meetings and making well-informed decisions for this guild.

*Awesome* because it has allowed me to get involved. I have loved feeling like I had even a small part in the success of our guild.

Mostly it's been *awesome* because of the members. We have a great group of people in the Winston-Salem Crafts Guild, and I have really enjoyed getting to know so many of you better in the past two years. I thank you for the opportunity and trust you put in me to serve as your president. And I can't wait to see where Sue Smith is taking us as she becomes president in January!
